RE: Lyxom (Docket No. T-03845A-00-0141)

Dear Mr. Forte:

Staff and our Hearing Division have sent prior requests to your office asking that Lyxom's fair value information be given. Your office has not responded. This is the last notice that will be sent.

As a result of the US West Case II Decision by the Arizona Supreme Court, the Arizona Corporation Commission ("Commission") is required to make a determination of the fair value of the property of each public service corporation operating in the State of Arizona. At this time, Staff does not have information from the Applicant to make a fair value finding. Staff has determined that in order to continue processing the referenced application, it must, at a minimum, obtain the following information:

If the Applicant has been operating in Arizona twelve (12) months or more, please:

1. Provide the actual dollar amount representing the total revenue for the latest twelve months available to provide telecommunications service to Arizona customers by the Applicant, adjusted to reflect the **maximum rates** that the Applicant has requested in its tariff. This adjusted total revenue figure could be calculated as the number of units sold for all services offered times the maximum charge per unit.
2. Provide the total actual **operating expenses** for the same twelve months as above to provide telecommunications service to Arizona customers by the Applicant.
3. Provide the book value (original cost less accumulated depreciation) of **all Arizona jurisdictional assets** used to provide telecommunications service to Arizona customers at the end of the same twelve months as above. If the fair value of those assets is different than the original cost net book value, also provide the corresponding fair value amounts. Assets are not limited to plant and equipment. Items such as office equipment and office supplies should be included in this list. If the actual value of all assets is zero, please specifically state this in your response.
